You need to keep your email address current. You may update your email address using the facility within Internet Banking, if you are registered or by contacting us.

It is our policy not to sell, trade, or rent your Personal Information to any third party.

### **Protecting your Access Codes**

If you make a record of your Access Codes you must keep it separate and well away from any electronic device you use to access an Electronic Banking Service type, unless the Access Codes are reasonably disguised. However, to minimise the risk of unauthorised transactions occurring on your Accounts, it is best to keep your Access Codes, even if disguised, separate and well apart from any electronic device.

For example, you must not keep your electronic device and undisguised Access Codes together:

- in your office or at home in the same room; or
- in any other situation where your electronic device and Access Codes can be found and used.

To protect your Access Codes you must:

- try to memorise them;
- destroy any documentation we issue to you containing Access Codes;
- not write your Access Codes on your computer, even if disguised;
- not keep a record of your Access Codes with or near your electronic device (including your computer or your Mobile Phone);
- not tell anyone your Access Codes, including family members, friends and our staff;
- if you select your own Access Codes, not select a number or word that can easily be associated with you, such as your date of birth, telephone number, driver's licence number and so forth; or

- make sure that nobody watches you or hears you when you are entering or using your Access Codes at electronic equipment.

If you select your own Access Codes, for security reasons you should endeavour to change them at regular intervals (we suggest and recommend every 6 months).

If you make a record of your Access Codes you must either take reasonable steps to prevent unauthorised access to that record or ensure such record is reasonably disguised. We will not consider that you have made a reasonable attempt to disguise Access Codes if you only:

- record it in reverse order;
- record it as a series of numbers with any of them marked to indicate the Access Codes;
- record the Access Codes as a telephone number with the Access Codes in its correct sequence within the telephone number; or
- record the Access Codes as a telephone number where no other telephone numbers are recorded.

## **When you will be liable**

### **Liability**

The Account Holder will not be liable for loss of funds if:

- unauthorised use took place where the User retrieved/accepted an Access Code from Westpac; or
- unauthorised use took place after you had informed Westpac your Access Code had been lost, stolen or used by someone without your authorisation.

- a Bill Pay Payment is made:
  - to a person or for an amount which is not in accordance with the User's instructions;
  - in accordance with a payment direction which appeared to us to be from a User or on a User's behalf, but for which a User did not give authority; and
  - the account was debited for the amount of that payment.

In the above situations, we will credit that amount of the account. The Account Holder will be liable for loss of funds if:

- a User was responsible for the mistake; or
- the payment was not authorised by a User and the User had not complied with their obligation to maintain the security of their Access Code(s).

In these situations, the Account Holder must pay Westpac the amount if after 20 Business Days of us attempting to recover it from the payee we cannot do so.

### **When you will be liable for operations conducted through Electronic Banking Services**

Except as stated under the heading "When you are not liable" you will be liable for any transaction or operation conducted through our Electronic Banking Services:

- a. whenever access to an Electronic Banking Service correctly quotes a User's Access Code; and/or
- b. if any User discloses an Access Code to another person, either intentionally or otherwise.

You will remain liable until such time as you or the User, as the case may be, notifies us that the Access Codes may have become known to someone not entitled to know them. You will not be liable for unauthorised transactions or operations that take place after the time you notify us.

The Account Holder will be liable for actual losses resulting from unauthorised transactions caused by the User:

- engaging in fraud;
- voluntarily disclosing any Access Codes to anyone, including a family member or friend;
- keeping a record of an Access Code without making a reasonable attempt to disguise it or to prevent unauthorised access to it in accordance with the clause Protecting your Access Codes;
- writing their Access Codes or a disguised record of their Access Codes on the electronic equipment or device including within your Mobile Phone;
- selecting an Access Code which represents the User's date of birth, or being an alphabetical code which is a recognisable part of their name, after we have asked them not to select such an Access Code and told them of the consequences of doing so; or
- acting with extreme carelessness in failing to protect an Access Code. The Account Holder will also be liable for losses resulting from the User accessing an Electronic Banking Service via an electronic device that the Account Holder knows contains software that has the ability to reveal to a third party, or to otherwise compromise, Access Codes and/or information, including, but not limited to, account information.

The Account Holder will also be liable for actual losses resulting from unauthorised transactions caused by the User unreasonably delaying notifying us of:

- the misuse of an Access Code;
- loss of an Access Code; and/or
- an Access Code becoming known to someone else.

In these three cases an Account Holder's liability will only extend to losses which occur between the time when the User become aware (or should reasonably have become aware) of such misuse, loss or theft and when we were actually notified.

**When you are not liable:**

The Account Holder will not be liable for losses resulting from unauthorised transactions where it is clear that the User has not contributed to the loss. You may have contributed to the loss if you do not follow our guidelines for Access Code security contained in these Terms and Conditions.

- a. You will not be liable for unauthorised operations on an Account for which the correct Access Codes are used if any User were in no way responsible for the Access Codes becoming known to an unauthorised User provided:
  - i. the User, as the case may be, notify us immediately upon becoming aware of or suspecting that an unauthorised operation has taken place;
  - ii. you check your Account statements for unauthorised operation as soon as you receive them; or
  - iii. you provide all necessary assistance and co-operation with regard to any investigation of the circumstances giving rise to the unauthorised transaction.

- b. You are not liable for loss of funds if:
- i. unauthorised use took place before the User, as the case may be, obtained the Access Codes from us; or
  - ii. unauthorised use took place after we were informed that Access Codes have been lost, stolen, or used by someone without your authorisation and the User changes the Access Codes as soon as we advised the User to change them.
- c. In the situations described in paragraphs (a) and (b) of this sub- clause we will credit that amount to your account but will have no further or other liability to you.

The Account Holder will not be liable for losses resulting from unauthorised transactions that:

- are caused by the fraudulent or negligent conduct of our staff or agents or companies involved in networking arrangements;
- happen before the User receives or selects their Access Codes(s);
- happen after we have been notified that an Access Code has been misused, lost or stolen or that the security of any Access Codes has been breached; or
- are the result of the same transaction being incorrectly debited more than once to the same account.

The Account Holder will not be liable to pay for:

- that portion of the losses incurred which exceed the balance of their account(s), including any pre-arranged credit; or
- incurred on any Accounts which the Account Holder and Westpac had not agreed could be accessed using your Electronic Banking Service type.

An Account Holder's liability is subject to Westpac proving on the balance of probability that the User contributed to the losses in one or more ways listed above.

### **When we are not liable**

Subject to the clauses headed 'Non-excludable Warranties and Conditions' and 'When you are not liable' which refers to the circumstances where we will credit an amount to your Account, we will not be liable for:

- d. any party's reliance on the information obtained through use of an Electronic Banking Service type;
- e. any failure or delay of Electronic Banking Services to provide information or perform operations requested including a failure to process a request received before a cut-off time on the same or next Banking Business Day or failure or delays caused by third parties;
- f. in any event, other than for our proven negligence, fraud or wilful misconduct, any information in excess of 500 units of the currency in the country in which you are registered; and/or
- g. indirect, consequential or special loss of or damage (including but not limited to loss of or damage to your data, software, computer, telecommunications or other equipment caused by your use of Electronic Banking Services unless such loss or damage is directly and solely caused by our negligence or deliberate default), howsoever caused, including negligence arising from using our Electronic Banking Services.

We are also not liable for the unavailability of any Electronic Banking Services (including if the use of such Electronic Banking Service is not permitted by local law for any reason), and events beyond our control such as, but not limited to, any connectivity issues.

## **Liability for loss caused by system or equipment malfunction**

We will not be liable to you for any loss or damage of any kind suffered because the system or equipment used to provide the Electronic Banking Service to you was unavailable for use or was malfunctioning other than loss or damage you suffer due to a breach of a condition or warranty implied by law in contracts for the supply of goods and services which may not be excluded, restricted or modified at all or only to a limited extent. If we are liable to you by virtue of any such applicable law for any loss or damage suffered by you under, or in connection with, any services we provide, our total liability for any such loss or damage shall, to the extent permitted by law, be limited, to providing those services again.

We will however make reasonable efforts to:

- restore full functionality to the banking service as soon as possible;
- make information publicly available regarding the malfunction or unavailability;
- make available to you alternative ways of completing your relevant banking transactions; and
- correct any errors to accounts that occur as a result of the malfunction or unavailability.

## **Transaction disputes**

If you dispute any transaction completed via any Electronic Banking Service, you can contact us during business hours by telephone or email. The contact details for your country are located on the last page of these Terms and Conditions.

Other than where there is a clearly obvious error, our records will be evidence of these transactions.

## **Equipment**

You are responsible for using, having or obtaining equipment that is compatible with Electronic

Banking Services. Any conditions of use, including charges associated with your use of that equipment, is your responsibility.

You must notify Westpac and your service provider immediately if your electronic device is lost or stolen.

### **Non-excludable Warranties and Conditions**

Nothing in these Terms and Conditions shall operate so as to exclude, restrict or modify the application of any of the provisions of any legislation that Westpac, any User or Nominee is subject to, the exercise of a right or duty conferred by such legislation, or our liability for a breach of a condition or warranty implied by such legislation where to do so would breach such legislation or is otherwise illegal.

### **Communication with you**

From time to time, our staff may contact you with or send you information about other Westpac products and services that we feel might be of relevance or benefit. You can contact us to opt out of receiving this type of information from us.

### **Suspension or Termination of your access to any Electronic Banking Service**

On rare occasions we may also exercise our discretion to close an Account and or remove your Electronic Banking Service access due to unsatisfactory conduct or for any other reason we deem (in our sole discretion) appropriate, such as (while not an exhaustive list) where an Account that is designed for use by our business customers is being used for personal purposes, or you do not agree to any changes to the Terms and Conditions. If this happens, we will notify you in writing at the address shown on our records and will also enclose a Bank Cheque for the net credit balance of the Account.

The closure of your Account and or an Electronic Banking Service by the Bank in these circumstances is not considered to be a breach of the terms and conditions applying to your Account, these Terms and Conditions or any other contract that exists between you and the Bank. The Bank will not be liable for any consequential loss or damage you suffer as a result either directly or indirectly from the closure of your Account and or Electronic Banking Service.

We can also suspend or cancel your access to Electronic Banking Services without prior notice and without responsibility for any loss you may suffer, for any reasonable grounds including but not limited to:

## **Business customers**

- you must ensure that your signatories who have access are the only persons with access and only for the purpose of your business. All signatories to the Account are to have separate passwords and, along with the Account Holder, also bear the responsibility of any misuse of the particular Password, as outlined in Section 1 of these Terms and Conditions. You should reconcile your business or financial records with your bank statements at least monthly so that your instructions via an Electronic Banking Service type can be monitored; and
- you should also initiate appropriate internal controls to minimise the risks of fraud.

### **Our Role in a Bill Pay Scheme**

Westpac is a member of the Bill Pay electronic payments scheme. Bill Pay is:

- a. an electronic payments scheme through which you can ask us to make payments on your behalf to organisations (Billers) who tell you that you can make payments to them through the Bill Pay scheme.
- b. you may choose to pay them electronically using Internet Banking or any other payment method accepted by the Biller.

Refer to Section 2 Part A for Internet Banking or Part B for Mobile Banking, as relevant.

## How to use the Bill Pay Scheme

- Bill Pay is a feature available in Internet Banking and Mobile Banking.
- Bill Pay Payments can be made from most Accounts held with us.
- When you tell us to make a Bill Pay Payment, you will be required to provide the biller code and reference number (and other information) as appears on the bill or statement.
- You must comply with the terms and conditions applying to the Account to which you request us to debit a Bill Pay Payment.
- To the extent that those Account terms are not inconsistent with or expressly overridden by the Bill Pay Terms and Conditions. The Bill Pay Terms set out herein are in addition to those Terms.
- If in relation to your use of Bill Pay there is any inconsistency between the Terms and Conditions applying to the Account and these Bill Pay Terms and Conditions or an inconsistency between the other provisions relating to the applicable Electronic Banking Service and the Bill Pay Terms and Conditions, these Bill Pay Terms and Conditions will apply to the extent of that inconsistency.
- Details of Bill Pay Payments, including your receipt number, will appear on your account statement from which the payment was made.
- You can ask us to make a Bill Pay Payment at any time in the future up to 90 days. Cleared funds must be available the day before payment is due.
- If we were not able to make the Bill Pay Payment at that future payment date we will advise you by letter. A payment may not be able to be made due to insufficient

- funds, an invalid account or because the Biller no longer participates in the Bill Pay Scheme. In the event of insufficient funds Westpac may (a) use its discretion to honour the payment; and (b) charge a fee to your Account for doing so, in accordance with terms and conditions applying to your Account.

You acknowledge that the receipt by a Biller of a mistaken or erroneous payment does not or will not constitute under any circumstances part or whole satisfaction of any underlying debt owed between the payer and that Biller.

### **Information you must give us**

You must be careful to ensure you tell us the correct amount you wish to pay. We will then debit the Account you specify with the amount of that Bill Pay Payment. If you instruct us to make a Bill Pay Payment and you later discover that:

- a. the amount you told us to pay was greater than the amount you needed to pay, you must contact the Biller to obtain a refund of the excess;
- b. the amount you told us to pay was less than the amount you needed to pay, you can make another Bill Pay Payment for the difference; and/or
- c. you do require a complete Bill Pay payment refund, you must contact the Biller to obtain a refund.

You acknowledge that we are not obliged to effect a Bill Pay Payment if you do not give us all of the above information or if any of the information you give us is inaccurate.

### **Stop Bill Pay Payment**

We will not accept an order to stop a Bill Pay Payment once you have instructed us to make that Bill Pay Payment.

## **Mistaken Payments, unauthorised transactions and fraud**

We will attempt to make sure that your Bill Pay Payments are processed by the participants in the Bill Pay Scheme, including those Billers to whom your Bill Pay Payments are to be made. You must tell us immediately if:

- you become aware of any delays or mistakes in processing your Bill Pay Payments;
- you did not authorise a Bill Pay Payment that has been made from your Account; and/or
- you think that you have been fraudulently induced to make a Bill Pay Payment.

We will attempt to rectify any such matters in relation to your Bill Pay Payments in the way described in this clause. However, we will not be liable for any loss or damage you suffer as a result of using the Bill Pay Scheme.

### **Mistaken Payments**

If a Bill Pay Payment is made to a person or for an amount, which is not in accordance with your instructions (if any), and your Account was debited for the amount of that payment, we will credit that amount to your Account. However, if you were responsible for a mistake resulting in that payment and we cannot recover the amount of that payment from the person who received it within 20 Banking Business Days of us attempting to do so, you must pay us that amount.

### **Unauthorised Payments**

If a Bill Pay Payment is made in accordance with a payment direction, which appeared to us to be from you or on your behalf but for which you did not give authority, we will credit your Account with the amount of that unauthorised payment. However, you must pay us the amount of that unauthorised payment if:

- a. we cannot recover within 20 Banking Business Days of us attempting to do so that amount from the person who received it; and/or
- b. the payment was made as a result of a payment direction, which did not comply with our prescribed security procedures for such payment directions.

### **Fraudulent Payments**

If a Bill Pay Payment is induced by the fraud of a person involved in the Bill Pay Scheme, then that person should refund you the amount of the fraud-induced payment. However, if that person does not refund you the amount of the fraud-induced payment, you must bear the loss unless some other person involved in the Bill Pay Scheme knew of the fraud or would have detected it with reasonable diligence, in which case that person must refund you the amount of the fraud-induced payment.

### **Indemnity**

You indemnify us against any loss of damage we may suffer due to any claim, demand or action of any kind brought against us arising directly or indirectly because you:

- a. did not observe any of your obligations under these Terms and Conditions; or
- b. acted negligently or fraudulently in connection with these Terms and Conditions.

### **Biller Consent**

If you tell us that a Bill Pay Payment made from your account is unauthorised, you must first give us your written consent addressed to the Biller who received that Bill Pay Payment, consenting to us obtaining from the Biller information about your account with that Biller or the Bill Pay Payment, including your customer reference number and such information as we reasonably require to investigate the Bill Pay Payment. If you do not give us that consent, the Biller may not be permitted under law to disclose to us the information we need to investigate or rectify that Bill Pay Payment.

## **Suspension**

Westpac may suspend a User's right to participate in the Bill Pay Scheme at any time.

The circumstances in which Westpac may suspend your right to participate are:

- a. you are in breach of these Terms and Conditions or any additional Electronic Banking Service Terms and Conditions, or we have the right under these Terms and Conditions to suspend or terminate your access;
- b. you or someone acting on your behalf is suspected of engaging in fraudulent conduct; and/or
- c. you are engaging in conduct that is in our sole opinion disruptive to the operation of any Electronic Banking Services and or Bill Pay.

## **Cut-Off times**

If you tell us to make a Bill Payment after a cut-off time it may not be processed until the next Business Banking Day. This may be the case even if Internet Banking shows a change in account balances resulting from the operation. Different cut-off times apply to different instructions. For details of current cut-off times refer to our Help Files for Internet Banking or staff assisted Call Centre.

## **Variation of Cut-Off times**

We may vary cut-off times at any time. We will advise you of permanent or long term variations to value limits and cut off times however, we may need to make temporary changes without notice.

## **Payment Records**

You should check your account records carefully and promptly report to us as soon as you become aware of any Bill Pay Payments that you think are errors or are Bill Pay Payments that you did not authorise or you think were made by someone else without your permission.

## **When a Biller cannot process a payment**

If we are advised that your Bill Pay Payment cannot be processed by a Biller, we will contact you to advise you of this, credit your account with the amount of the Bill Pay Payment, and take all reasonable steps to assist you in making the Bill Pay Payments as quickly as possible.

### **Delay in Processing**

A delay may occur in processing a Bill Pay Payment where:

- a. there is a public or bank holiday on the day after you tell us to make a Bill Pay Payment;
- b. you tell us to make a Bill Pay Payment either on a non-Banking Business Day, or after the Payment Cut-Off Time on a Banking Business Day;
- c. another financial institution participating in the Bill Pay Scheme does not comply with its obligations under the Bill Pay Scheme; or
- d. a Biller fails to comply with its obligations under the Bill Pay Scheme.

While it is expected that any delay in processing under this agreement for any reason as set out in this clause will not continue for more than one Banking Business Day, any such delay may continue for a longer period.

### **Consequential damage**

This clause does not apply to the extent that it is inconsistent with or contrary to any applicable law or code of practice to which we have subscribed. If those laws or that code would make this clause illegal, void or unenforceable or impose an obligation or liability which is prohibited by those laws or that code, this clause is to be read as if it were varied to the extent necessary to comply with those laws or that code or, if necessary, omitted.

We are not liable for any consequential loss or damage you suffer as a result of using the Bill Pay Scheme, unless you suffer direct loss or damage due to our negligence or we breach any condition or warranty implied by law in contracts for the supply of goods and services and which may not be excluded, restricted or modified at all or only to a limited extent.

### **Periodic Payments**

You can create a Periodic Payment using Internet Banking. The following terms and conditions apply:

- a. in Internet Banking you can create a Periodic Payment between 7am and 3pm on a Banking Business Day and at any time on the weekend or on a public holiday. Requests to create a Periodic Payment received after the above cut off times or on a non-Banking Business Day will not be processed until the next Banking Business Day.
- b. a Periodic Payment cannot be created immediately if the next Payment is due either the same day or on a weekend or public holiday. A minimum of one Banking Business Days' notice is required.
- c. if the due date for a Payment falls on a day that is not a Banking Business Day we may make the Payment on the next Banking Business Day.
- d. if there are insufficient cleared funds in the account to be debited on either the day before the Periodic Payment is due or on the due date and no other arrangement exists at that time to allow the account to be overdrawn, Westpac:
  - i. does not have to make the Payment on that date and may charge a Periodic Payment not made fee;
  - ii. may make the Payment on the due date and charge an account overdrawn fee; and
  - iii. may make the Payment on a later date when cleared funds are available (but we will not be obliged to) and we may charge a fee.

- e. we may debit your Account for any Bank fees or government taxes or charges that apply to Periodic Payments.
- f. we may discontinue making Payments at any time, but will advise you in writing if we do so (unless we discontinue the Payments because the payee, or the payee's bank refuses to accept them).
- g. you cannot modify, temporarily stop or make additional Payments via Internet Banking. If you want to change a periodic Payment via Internet Banking you need to send a bank mail message to delete the current instruction and create a new one.
- h. periodic Payments created via Internet Banking are subject to your daily payment limit. Creating a new Periodic Payment may impact on other Payments you intend to make because the Periodic Payment will take up some of your daily payment limit. You need to allow for this. Note, any change to a Periodic Payment made at a branch will not be subject to your daily payment limit. However this change may be subject to alternative fees and charges.

### **Overseas Payments**

- a. Foreign Exchange Control approval to make a Payment overseas must (where necessary) be delivered to the Bank in advance of the transaction being processed via Internet Banking. You are currently unable to perform an Overseas Payment via Mobile Banking.
- b. Any overseas financial institution handling charges will be borne by the beneficiary, unless you instruct us otherwise.
- c. In the event that an Overseas Payment is returned by an overseas financial institution, we will credit your Account with the domestic currency equivalent of the amount received, at our prevailing buying rate of exchange for that currency on the date that we credit your Account.

- d. If we are unable to send the Overseas Payment direct to the beneficiary's financial institution nominated by you, then we may send the Payment through an overseas financial institution of our choice.
- e. Any time we facilitate a Payment overseas that involves currency conversion, the exchange rate to be used is determined by us. Fees may be charged by the beneficiary's bank.
- f. The use of Internet Banking outside the country in which you have registered for your Electronic Banking Service type ("your country") is subject to:
  - i. any exchange control regulations of the central bank of your country or any fiscal or exchange control regulations operating in the country where the transaction is effected or requested; and
